No. 2-C.S.R.—The Governor-General in Council is pleased to issue, under Fundamental Rule 74-(3) the rules appended to this resolution prescribing the procedure in connexion with leave to be followed elsewhere than in India.

Report of arrival in the United Kingdom.

1. A Government Servant taking leave in the United Kingdom must report his arrival in that country to the High Commissioner for India.

Payment of Leave-Salary.

Payment at the Home Treasury.

2. No Government servant can begin to draw leave-salary from the Home Treasury until he has presented to the High Commissioner a leave-salary certificate in such form as the Auditor-General may prescribe.

3. Leave-salary is issued from the Home Treasury monthly in arrear on the first day of each calendar month.

4. Payment will be made, at the option of the Government servant drawing leave-salary, by any of the following methods :—

(a) To the Government servant himself on his personal application.

(b) To his banker or other agent, duly authorised under power of attorney, on production of a life certificate duly filled up and executed. In cases where the banker has guaranteed the Secretary of State or the High Commissioner against loss consequent upon dispensation with proof of existence, a life certificate is unnecessary.

Note.—A supply of life certificate forms may be obtained from the High Commissioner.

(c) To the presenter of a payment form comprising a receipt and a life certificate, both duly completed by the Government servant.

Note.—If the Government servant intimates to the High Commissioner his election of this method, he will be regularly supplied with the requisite payment form on the due date of issue approaches.

Payment in a Colony.

5. No Government servant can begin to draw leave-salary from a Colonial treasury until a warrant in form I has been issued in his favour. Such warrants will be issued in triplicate. The original, bearing the Government servant's signature, will be forwarded by the issuing authority to the Colonial authority concerned; the duplicate to the High Commissioner; and the triplicate will be retained by the Government servant. Payment of leave-salary will not be made unless the Colonial authority is in possession of the original and the Government servant of the triplicate of the warrant.

6. Each payment of leave-salary must be endorsed upon the back of both the original warrant and the triplicate, and an acknowledgment of receipt must be endorsed by the Government servant upon the back of both copies.

7. When no space for the entry of endorsements of payment remains upon the back of a warrant, or when a warrant is lost or destroyed, a fresh warrant will be issued by the original issuing authority on the application of the Government servant submitted through the Colonial disbursing officer.

8. If the transfer from one Colony to another of payment of the leave-salary of a Government servant is sanctioned by the Colonial authorities, such transfer must be reported by the Government servant to the Governor-General in Council and to the High Commissioner.

Transfer of payment from the Home Treasury to a Colony and *vice versa*.

9. (a) If a Government servant who is drawing his leave-salary in a Colony desires to transfer payment to the Home Treasury, he can do so on production of his warrant to the High Commissioner.

(b) If a Government servant who is drawing his leave salary from the Home Treasury desires to transfer payment to a Colony, he must obtain a warrant in form I from the High Commissioner, who will forward the original of the warrant to the Colonial authority concerned.

(c) A transfer sanctioned under clause (a) or (b) of this rule must be reported by the Government servant to the Governor-General in Council.

Extension of Leave

General rule.

10. A Government servant absent from India on leave who desires an extension of his leave must make application for such extension not less than three months before the expiry of his leave. An application made within three months from such expiry will not be considered unless special reasons for consideration exist.

Applications by Government servants on leave in Europe, North Africa, America or the West Indies.

11. An application for extension of leave by a Government servant on leave in Europe, North America or the West Indies must be made to the High Commissioner. Unless the extension is desired on medical grounds or is for a period of not more than fourteen days, the application must be accompanied by evidence that the Government on whose rules the Government servant is borne has been consulted and has no objection to the extension. It is in exceptional cases only that the High Commissioner will grant an extension without the production of such evidence, and then for such period only as may be necessary to obtain the orders of the Government concerned, which will be sought by telegraph at the applicant's expense.

12. If a Government servant on leave in any of the localities named in rule 11 desires, on medical grounds, an extension for a longer period than fourteen days, he must satisfy the Medical Board at the India Office of the necessity for the extension. In order to do so, he must, as a general rule, appear at the India Office for examination by the Board, but in special cases, and particularly if he be residing at a distance of more than sixty miles from London, a certificate in a form to be obtained from the High Commissioner may be accepted if signed by two medical practitioners. A certificate obtained outside the United Kingdom and signed by foreigners must be attested by consular or other authority as bearing the signatures of qualified medical practitioners.

13. If a Government servant on leave in any of the localities named in rule 11 desires, on grounds other than medical, an extension of leave granted on medical certificate, he must satisfy the Medical Board at the India Office, by the procedure described in rule 12, that he has recovered his health.

Applications by Government servants on leave elsewhere out of India.

14. An application for extension of leave by a Government servant on leave out of India elsewhere than in the localities named in rule 11 must be made to the authority which granted the leave.

15. If an application made under rule 14 is for an extension of leave on medical certificate, it must be accompanied by a certificate from two medical practitioners in the following form:—

"We hereby certify that we have carefully examined C.D. of the _____ who is suffering from _____ and we declare upon our honour that, according to the best of our judgment and belief, he is at present unfit for duty in India, and that it is absolutely necessary for the recovery of his health that his present leave, which will expire in India on _____, shall be extended by _____ months / weeks."

Date _____

Place _____

The certificate must describe in full detail the nature of the disease and the present condition of the Government servant. If it be signed by foreigners, it must be attested by consular or other authority as bearing the signatures of qualified medical practitioners.

Certificate of leave necessary before extension can be granted to a Government servant who is not in possession of a leave-salary certificate.

16. An extension of leave will not be granted by the High Commissioner to a Government servant to whom no leave-salary certificate has been issued, or who has exchanged his leave-salary certificate for a warrant before leaving India, unless he produces a certificate of leave in form II.

Return from leave.

Permission to return

17. A Government servant who is required, by or under fundamental rule 71, to produce a medical certificate of fitness before returning to duty, must obtain permission to return to duty before so returning.

18. If the Government servant desiring to return is on leave in any of the localities named in rule 11, his application must be made to the High Commissioner and he must satisfy the Medical Board at the India Office of his fitness to return at least two months before the expiry of his leave. In order to do so he must follow the procedure prescribed in rule 15. When the Medical Board has been satisfied, the High Commissioner will grant permission to return.

19. If the Government servant desiring to return is on leave out of India elsewhere than in the localities named in rule 11, his application must be made to the authority which granted his leave and must be accompanied by a certificate of fitness in the prescribed form.

20. Permission to return cannot be granted to a Government servant to whom no leave-salary certificate has been issued, or who has exchanged his leave-salary certificate for a warrant before leaving India, until he produces a certificate of leave in form II.

Last-pay certificate.

21. Before returning to duty, a Government servant on leave in Europe must obtain a last-pay certificate from the High Commissioner. A last-pay certificate cannot be granted to a Government servant to whom no leave-salary certificate has been issued unless he produces a certificate of leave in form II. A Government servant who has drawn his leave-salary on a warrant must, on return to India, deliver to the audit officer his copy of the warrant, which will serve as a last-pay certificate.

MEMORANDUM EXPLANATORY OF RATE RULE IN THE RULES OF LEAVE PROCEDURE MADE UNDER FUNDAMENTAL RULE 74 (*b*).

Rule 1.—is taken from article 222, Civil Service Regulations, with the substitution of the High Commissioner for the Secretary of State.

Rule 2.—This is taken from articles 267 and 274, Civil Service Regulations, and covers the first part of article 286 also. The High Commissioner has been substituted for the Secretary of State, as he will in future pay leave salary on behalf of the Government of India.

Rule 3.—replaces the first part of article 288 of the Civil Service Regulations. The old arrangements of quarterly calculations and rounded instalments will not be maintained in future.

Rule 4.—replaces the second part of article 289, Civil Service Regulations. At the suggestion of the High Commissioner, the procedure has been modified in some respects.

Rule 5.—contains the substance of the first part of article 285, Civil Service Regulations.

Rule 6.—is the second part of article 285, Civil Service Regulations, amplified in accordance with existing practice

Rule 7.—contains the substance of the last part of article 283, Civil Service Regulations.

2

Rule 6—contains the relevant part of article 803, Civil Service Regulations, with the High Commissioner substituted for the Under Secretary of State.

Rule 8—provides for certain leaves for which the old rules make no specific provision. It is considered unnecessary in this connection to provide for article 871 (*b*), Civil Service Regulations, as the procedure thereby prescribed follows necessarily from rules 2 and 5.

Rule 10—contains a regulation previously embodied in articles 299 (*a*) and 300, Civil Service Regulations.

Rule 11—contains the substance of the first paragraph of article 299 (*a*), Civil Service Regulations, and of article 299 (*b*), with the substitution of the High Commissioner for the Secretary of State. The rule makes no mention of commutation of leave, which ceased to exist, under that name, when the fundamental rules came into force. It is considered unnecessary to repeat in these rules the provision that the Government servant on leave must pay the cost of telegrams. The High Commissioner will see to this, and the fact will be mentioned in the memorandum of instructions to officers proceeding on leave. The note under article 299 (*b*) has been omitted for similar reasons.

Rule 12—contains the substance of the second paragraph of article 299 (*a*), Civil Service Regulations, read with article 639 (*a*).

Rule 13—contains the substance of the first part of the third paragraph of article 299 (*a*), Civil Service Regulations. The second part of that paragraph is omitted, as it is considered to be unsuitable under the new leave rules.

Rule 14—is taken from the first part of article 300, Civil Service Regulations.

Rule 15—is article 93*b* (*b*), Civil Service Regulations, re-worded in places.

Rule 16—is taken from articles 872 and 879, Civil Service Regulations.

Rule 17—The fact stated in this rule is nowhere in the Civil Service Regulations laid down as a general rule, but it follows as a matter of course from the provision in fundamental rule 71 for the production of a medical certificate.

Rule 18—contains the substance of the relevant portion of article 226, Civil Service Regulations, with the substitution of the High Commissioner for the Indian Office.

Rule 19—also follows as a matter of course from fundamental rule 71. The Government of India propose to delegate the power of extending leave to the authority which granted it.

Rule 20—is taken from articles 872 and 873, Civil Service Regulations.

Rule 21—"Leave-salary Certificate" is the new title adopted by the Auditor General in his leave procedure rules. The requirement of such a certificate is taken from article 926, Civil Service Regulations; that of a certificate of leave is obviously necessary before a last pay certificate can be granted; and the delivery of a warrant is taken from article 909, Civil Service Regulations.

The Principal will choose from among these, taking into consideration also their past academic career. The scholarship once granted will be continued in the higher classes, but the Principal may discontinue it, if the scholarship holder proves unsatisfactory for any reason. A second scholarship of the monthly value of Rs. 15 will be awarded, subject to conditions the same as the foregoing annually to an Oriya student provided he does not hold the first scholarship. The grant of subsistence allowance shall be contingent on the good conduct and satisfactory progress of the student; and on proof of misconduct or idleness, the allowance may be withdrawn by the Principal on the recommendation of the Executive Engineer or the officer in charge of workshops. Travelling allowances to students joining or on the works shall be drawn at the rates sanctioned for officers of the third class under the Civil Service Regulations.

Leave and Dismissal.

50. Students may obtain leave of absence by previous application to the Principal.

51. Scholarship-holders shall forfeit their scholarships during any period, however short, of absence without leave, and shall be further liable to have their scholarships withdrawn, if they absent themselves without leave for five consecutive working days.

52. In cases of severe illness certified to by a competent medical authority, sick leave with scholarship may be given by the Principal for a fortnight. If such leave is granted for a period exceeding a fortnight, the excess period shall be leave without allowances.

53. Any student who has obtained admission into the college by means of a false certificate or by false representations of any kind, or who has been found guilty of grave misconduct, shall be summarily dismissed; the fact of such dismissal and the reasons for it being at once reported to the Director.

54. Leave may be granted during the practical course for a period or aggregate of periods not exceeding one month per annum. Such leave shall not entail forfeiture of stipend, but any leave in excess of one month shall involve loss of stipend for the additional period and the practical course shall be extended by a period equal to the excess over one month per annum of the leave granted.

Examinations.

55. All sessional and final examinations shall be conducted by the college staff. Unless specially exempted by the Principal, no student will be allowed to appear for any college examination if he has been absent without leave from a prescribed survey camp or has failed to attend the college for at least four-fifths of the working days in the preceding college year. The decision of the Principal in regard to the qualifications of any student appearing for examination shall be final. The names of all students declared by the Principal to have passed a final examination shall be published in the *Fort St. George Gazette*. A summary of the results of the examinations together with the observations of the Principal thereon shall be embodied in the annual report of the college submitted to the Director for transmission to Government.

Diplomas and Certificates.

56. *Engineer and Subordinate Classes.*—On the completion of the course in the college, a provisional certificate signed by the Principal shall be issued showing that the candidate has passed the final examination. On the satisfactory completion of the practical course, a diploma, signed by the Principal and the Director of Public Instruction, shall be issued, setting forth the qualifications of the student for employment as a civil engineer, a mechanical engineer, or a subordinate engineer.

EMPLOYMENT OF PASSED STUDENTS.

(i) *Indian Service of Engineers.*

57. One appointment in the Indian Service of Engineers will be conferred annually and a second appointment every third year, by the Government on the student, either Civil or Mechanical Engineer, judged most suitable on the results of the examinations and the promise shown by him, and his general behaviour during the college course and practical training. The nomination of the student will be made by the Chief Engineer in consultation with the Principal of the college. The apprenticeship shall commence on the 1st July following the final examination and shall extend over a period of two years. During the first year of training these officers will be classed as apprentice engineers and will, subject to the approval of the Secretary of State, draw a subsistence allowance of Rs. 200 per mensem. They will be allowed the travelling allowance admissible to Assistant Executive Engineers. During the second year of training they will be on probation, but will be classed as Assistant Executive Engineers, will draw pay as such, and will count against the cadre of the Indian Service of Engineers. Their service for increments will however count from the 1st October of the year of their appointment.

Should the Local Government, on completion of the period of probation of an officer, be satisfied that he is fit for permanent appointment in the Indian Service of Engineers, they will submit a recommendation to the Government of India for his confirmation in his appointment by the Secretary of State. If at any time during his probation they consider him to be unfit for appointment to the Indian Service of Engineers, a report with their recommendation will be made to the Government of India. If considered desirable the period of probation will be extended by the Government of India, on receipt of a recommendation from the Local Government to that effect.

(ii) *Provincial Engineering Service.*

58. One appointment to the Provincial Engineering Service will be conferred annually on the student, either Civil or Mechanical Engineer, judged most suitable on the results of the examinations and the promise shown by him, and his general behaviour during the college course and practical training. The nomination of the student will be made by the Chief Engineer in consultation with the Principal of the college. The apprenticeship shall commence on the 1st July following the final examination and shall extend over a period of two years. During the first year of training he will be classed as apprentice engineer and will draw a subsistence allowance of Rs. 150 a month. During the second year of training he will be on probation and will be classed as assistant engineer and will draw pay as such and will be reckoned against the cadre of the Provincial Engineering Service. The subsistance allowance will be continued during the second year of training to a candidate not selected for appointment to the Provincial Engineering Service but who is considered by the Local Government to have justified his retention under training for a second year. A candidate under training and not appointed to the Provincial Engineering Service will be designated apprentice engineer.

Note.—The guaranteed appointment to the new Provincial Engineering Service will begin only with the batch of students who first entered the college in 1921.

(iii) *Subordinate Engineering Service.*

59. One appointment annually in the permanent Subordinate Engineering Service shall be conferred on the subordinate student who passes highest at the final examination, provided he has satisfactorily completed his practical course and provided a vacancy exists for such appointment. Other qualified subordinate engineers will, on the satisfactory completion of their practical course, be appointed to the Public Works Department as vacancies occur. They will be eligible also for employment as channel superintendent in the Public Works Department and as deputy surveyor in the Survey Department. When the services of temporary men are required for special surveys not undertaken by the Public Works subordinate staff, the Public Works officers in charge are instructed to select for such employment none but qualified subordinates of the college.

60. Students of the engineer and subordinate classes who pass sufficiently high to merit the appointments referred to in rules 57, 58 and 59 shall, before appointment, produce certificates of physical fitness for the work of the Public Works Department. The medical examination for such certificates shall be held at the end of the practical course. Other qualified students will, on appointment to the Public Works Department, be required to produce certificates of physical fitness under the ordinary rules of the public service.

61. The appointments for students referred to in rules 57, 58 and 59 are reserved for natives of India, provided that natives of pure Asiatic descent shall be admitted only if their parents or guardians are domiciled in the Madras Presidency or the States of Travancore, Cochin, Pudukkôttai, Sandûr, Banganapalle and Mysore.

62. It shall be the duty of the Principal to render all reasonable assistance to passed students who may not be appointed to the Public Works Department, in seeking employment under local boards and municipalities and other agencies. With this object lists of qualified men, with remarks as to their attainments, conduct, etc., shall be circulated annually to local boards and municipalities, with recommendations that they may be employed in suitable posts when opportunities offer, and the attention of these local authorities shall be invited to G.O. No. 2773 L., dated 12th December 1893.

CASUAL STUDENTS.

63. Applicants who possess sufficient general education to follow the instruction given, who produce certificates of good health and good character, and who make the prescribed deposit and pay the prescribed fees, may be admitted as casual students to the engineer class, provided that accommodation is available for them. They may present themselves for the sessional and final examinations, and if they pass they will receive the provisional certificates issued to successful students at the end of the college course, but they shall not be eligible for the appointments referred to in rules 57, 58 and 59 or for scholarships or prizes, or for the free practical course.

REGISTERS AND ACCOUNTS.

64. The following registers shall be kept:—

(1) Register of admissions and withdrawals for each class.
(2) Monthly register of attendance, fees and fines for each class.
(3) Acquittance roll and pay abstract.
(4) Library catalogue and register and inventory of valuable stock.
(5) Register of scholarships.
(6) Register of expenditure on contingencies.

65. The register of valuable stock shall be scrutinized every year, the work being entrusted in rotation to one of the senior members of the staff, who shall certify to the correctness of the stock and the entries in the register.

MISCELLANEOUS.

66. The practical course will extend over a complete year, and this period will be reckoned from the dates on which the students join their divisions. Students during their practical course shall not be under the supervision of the Principal, but officers under whom such students are serving will be required in the Public Works Department to furnish to the Principal half-yearly reports of their progress in such form as may from time to time be prescribed by Government. All allowances during the practical course shall be debited to the Public Works Department.

67. The provisions of the Educational Rules relating to accommodation and sanitation, discipline, dress, periodical examinations and punishments shall apply *mutatis mutandis* to the college, in so far as its special character permits of their application.

68. The Principal shall invariably obtain the previous sanction of the Director for any deviation from the prescribed rules.

69. The Principal shall submit a time-table annually for the approval of the Director. No material change shall be made in the time-table or in the general arrangement of the college work without his sanction.

The Standard Barometer and Thermometers are read at 8 a.m., 10 a.m., 4 p.m. and 8 p.m., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The cistern of the Barometer is twenty two feet above the level of the sea, and the receiver of the rain gauge is two feet from the ground. The wind, rain and general weather registered are for the current Civil day—from midnight to midnight.

The total quantity of rain collected since January 1st is 3·42 inches, the average due for the same period being 1·10 inches.

STATEMENT OF OBJECTS AND REASONS.

In view of the attempts that have been made and are being made (*a*) by means of threats, intimidation and otherwise to induce members of the Police-Force to refrain from doing their duty, and (*b*) to spread disaffection among them, the Government of India have for some time had under consideration the question of penalising such attempts. Neither the Indian Penal Code nor the Indian Police Act, 1861, contains provisions to meet this evil. A prosecution could doubtless in certain cases be instituted under section 29 of the Indian Police Act, 1861, read with the abetment sections of the Indian Penal Code, but section 29 of the Police Act was designed to meet ordinary breaches of discipline, and would not cover many dangerous forms of tampering with the police. Moreover, the maximum punishment permissible under that section, viz., three months' rigorous imprisonment, is manifestly inadequate for serious offences of this nature. The Government of India are accordingly of opinion that the authorities should be given additional means of dealing with this form of crime, and it is proposed, therefore, to enact the attached Bill; which has been framed on the lines of section 3 of the English Police Act of 1919 (9 & 10 Geo V, Ch 46).

DELHI;

V of 1908.

"on any ground on which an appeal from such order would lie under that section".

STATEMENT OF OBJECTS AND REASONS.

This Bill is intended to take the place of the Bill which was introduced in the Legislative Assembly on the 1st March 1921, and was withdrawn with the leave of the Assembly on the 25th January 1922. The object of that Bill was to provide more effective means of meeting the great evil arising from the institution of fraudulent and dishonest suits by empowering Courts to award compensatory costs in fraudulent suits. The Bill was circulated for the purpose of eliciting opinions, and along with the opinions received, was referred to a Committee consisting of Members of the Council of State and the Legislative Assembly appointed by the Governor-General in Council. The Committee was of the opinion that the summary procedure proposed by the Bill was likely to prove far more of a deterrent than the fear of a prosecution for perjury in the remote future. They considered, however, that the scope of the Bill should be extended in certain respects.

The detailed recommendations of the Committee were as follows :—

"*I.—Limitation of amount to be awarded.*

"It was agreed that the amount to be awarded should not exceed the pecuniary limits of the jurisdiction of the Court or Rs. 1,000, whichever is less, with the following special provisions regarding Courts exercising Small Cause Court powers, namely, a maximum of Rs. 250 for a Munsif and Rs. 500 for a subordinate Judge; a provision to be added that these maxima are to be subject to rules made by the High Court so as to enable High Courts to limit the amount awardable by certain classes of Courts, *e.g.*, the lower grade Courts of Munsifs with limited jurisdictions as in the Punjab.

"*II.—Appeals.*

"In connexion with this, it was incidentally decided that provision should be made for reasons to be recorded in writing whenever an order is made awarding compensatory costs. It was also agreed that there should be no appeal in every case, except that (*a*) there should be no appeal against an order refusing damages or against the absence of any order, and (*b*) there should be no appeal by way of cross appeal or otherwise asking for an increase of the amount awarded. It was agreed that in no case should there be a second appeal.

"*III.—False defences.*

"Though the Committee was not entirely unanimous on the point, it was agreed that provision should be made also for the award of damages to the plaintiff where a false defence was set up by the defendant.

"*IV.—Execution proceedings.*

"It was pointed out that the evil existed to a larger extent in execution proceedings than in original suits, and it was unanimously decided that the provisions of the Bill should apply to false claims put forward in support of execution proceedings as well as to false objections.

"*V.—Vexatious suits.*

"The opinion was generally held that the provisions of the Bill should apply to suits, etc., which are both false and vexatious. The matter was left to be examined by the draftsman.

"*VI.—Operation of the Bill.*

"It was agreed that the Bill should only come into operation in such areas as might be notified by the Local Government, with the sanction of the Governor-General in Council. It was suggested that the power to extend the operation might cover the whole or any specified portion of the Bill."

The present Bill has been prepared in order to carry out the recommendations of the Committee.

DELHI:
The 25th January 1922.

W. H. VINCENT.

The following Bill was introduced in the Legislative Assembly on the 31st January 1922 :—

No. 6 of 1922

A Bill further to amend the Land Acquisition Act, 1894

WHEREAS it is expedient further to amend the Land Acquisition Act, 1894. It is hereby 1 of 1894
enacted as follows :—

Short title. 1. This Act may be called the Land Acquisition (Amendment) Act, 1922.

Amendment of section 5, Act 1 of 1894. 2 In sub-section (*2*) of section 5 of the Land Acquisition Act, 1894 (hereinafter referred 1 of 1894
to as the said Act), after the words 'The said declaration,' the words 'except as hereinafter provided' shall be inserted.

Amendment of section 7, Act 1 of 1894. 3. To section 7 of the said Act, the following proviso shall be added, namely :—

"Provided that no officer who is responsible for the selection of the land to be acquired, or who has made the preliminary inquiry under section 4, shall be appointed Collector under this section."

4 In section 9 of the said Act,—

Amendment of section 9, Act 1 of 1894. (*a*) in sub-section (*1*), after the words "and that," the words "objection, if any, to such taking possession of the land and" shall be inserted ;

(*b*) in sub-section (*2*), after the words "the nature of their respective interests in the land," the words "the reasons for their objections, if any, to its acquisition" shall be inserted ; and in the same sub-section after the words 'for such interests," the words "as they claim in the land" shall be inserted.

Substitution of new section for section 11, Act 1 of 1894. 5. For section 11 of the said Act, the following section shall be substituted, namely :—

Inquiry and award by Collector. "11. (*1*) On the day so fixed, or on any other day to which the inquiry has been adjourned, the Collector shall first proceed to inquire into the objection, if any, which any person interested has stated pursuant to a notice given under section 9 to the proposed acquisition of the land, and shall pass orders either allowing or rejecting the objection. The acquisition of the land shall be objected to only on the ground that the purpose for which the land is required is not a public purpose within the meaning of the Act, or that the proposed acquisition is malorous or vexatious :

Provided that, in the case of big projects such as railways, irrigation canals or roads, the proposed acquisition shall be presumed to be proper until the contrary is proved.

(*2*) If either the officer applying for the acquisition of the land or the person objecting to it is dissatisfied with the order of the Collector in their behalf, he may, by written application made to the Collector within a month of the Collector's order being communicated to him, require that the matter be referred by the Collector for the determination of the Court. The provisions of sections 18 to 22 shall, as far as may be, apply to inquiries by the Court under this clause. The decision of the Court shall be final.

(*3*) If the Court upholds the objection to the proposed acquisition of the land, no further action shall be taken in the matter. If no objection to the acquisition has been duly made, or if an objection has been made, but finally set aside by a competent authority, the Collector shall proceed to inquire into the objections, if any, which any person has stated pursuant to a notice issued under section 9 to the measurements made under section 8 and into the value of the land and into the respective interests of the persons claiming the compensation, and shall make an award under his hand of—

(*i*) the true area of the land ;

(*ii*) the compensation which in his opinion should be allowed for the land ; and

(*iii*) the apportionment of the said compensation among all the persons known or believed to be interested in the land, of whom, or of whose claims, he has information whether or not they have respectively appeared before him.

(*4*) Nothing contained in clauses (1) to (3) of this section shall affect the provisions of section 17."

Amendment of section 35, Act 1 of 1894. 6. In sub-section (*3*) of section 35 of the said Act, after the words "apportionment thereof," the words "or in case any person interested objects to the acquisition" shall be inserted.

Amendment of section 36, Act 1 of 1894. 7. To sub-section (*1*) of section 36 of the said Act, the following proviso shall be added, namely :—

"Provided that the propriety of the proposed acquisition itself is not in dispute."

Amendment of section 47, Act I of 1894

8. In section 47 of the said Act, the following words shall be omitted, namely :—

"he shall, if a Magistrate, enforce the surrender of the land to himself, and, if not a Magistrate."

STATEMENT OF OBJECTS AND REASONS

The Land Acquisition Act, 1894, as it stands, makes no provisions against unlawful or vexatious acquisition of land. This is felt as a real grievance, and the Bill is intended to remove this grievance. As subsidiary provisions the Bill lays down that the officer who is responsible for the selection of the land to be acquired or for the preliminary inquiry under section 4 of the Act, shall not be appointed as Collector, and that the Collector shall not enforce his own orders. It is desirable that the acquiring officer should enter on his quasi judicial duties with an open mind.

J. RAMAYYA.

The 21st July 1921.

The following Bill was introduced in the Legislative Assembly on the 31st January 1922 :—

No. 6 of 1922.

A Bill further to amend the Code of Criminal Procedure, 1898.

WHEREAS it is expedient to give a legal status to persons practising as lawyers in Criminal Courts, known as mukhtars, and further to amend the Code of Criminal Procedure, 1898, for that purpose; It is hereby enacted as follows:— V of 1898.

Short title and extent.

1. (*1*) This Act may be called the Code of Criminal Procedure (Amendment) Act, 192 .

(*2*) It shall extend to the whole of British India.

Amendment of section 4, Act V of 1898.

2. In clause (*r*) of sub-section (*1*) of section 4 of the Code of the Criminal Procedure, 1898, after the words "an attorney of a High Court," the words "and a mukhtar" shall be inserted, and the words "mukhtar or" shall be omitted. V of 1898.

STATEMENT OF OBJECTS AND REASONS

Persons practising in Criminal Courts known as mukhtars practise under a licence from the High Courts after duly passing an examination held under the auspices of the High Courts for that purpose and are recognized practitioners in Criminal Courts. For all practical purposes, they are treated as recognized members of the profession. Under the present law the mukhtars have received permission from the Courts to act for their clients. In fact, this permission is usually and generally granted, but in some rare cases have been withheld. Above all, the members of the profession have a sentimental grievance inasmuch as they have been placed in the same category as ordinary persons without any training or licence. The grievance has caused much discontent, and it is desirable that it should be removed. This will not affect the dignity or status of any class of lawyers, or in any way affect the administration of justice. As the mukhtars have to pass a fairly good test and have to renew their licence every year, which depends upon their professional good conduct, it is unnecessary to retain the disability under which they at present suffer.

Clause 2 removes the disabilities referred to above.

The 23rd August 1921.

ABUL KASEM.

The following Bill was introduced in the Legislative Assembly on the 1st February 1922 :—

No. 7 OF 1922.

A Bill further to amend the Indian Lunacy Act, 1912.

IV of 1912. WHEREAS it is expedient further to amend Indian Lunacy Act, 1912; It is hereby enacted as follows :—

Short title. 1. This Act may be called the Indian Lunacy (Amendment) Act, 1922.

IV of 1912. Amendment of section 3, Act IV of 1912. 2. In section 3 of the Indian Lunacy Act, 1912 (hereinafter referred to as the said Act),—

(a) in clause (*f*), after the word 'asylum' where it occurs for the second time, the words 'or mental hospital' shall be inserted; and

(*b*) to clause (*g*) the following shall be added, namely :—

"together with any other charges specified in this behalf by the Governor-General in Council, in exercise of any power conferred upon him by this Act."

Amendment of section 84, Act IV of 1912. 3. To section 84 of the said Act, the following words shall be added, namely :—

"if it is satisfied that provision has been or will be made for the curative treatment therein of persons suffering from mental disease."

Insertion of new section 84A in Act IV of 1912. 4. After section 84 of the said Act, the following section shall be inserted, namely :—

Power in cases of provision for curative treatment in asylums. "84A. If in any licensed asylum no provision for curative treatment has been made, or the Local Government considers that the provision made is insufficient, the Local Government may require the person in charge of the asylum to take such measures for making or supplementing such provision as it may deem necessary, and, if such person does not comply with the requisition within a reasonable time, the Local Government may revoke the licence."

Insertion of new sections 89A and 89B, in Act IV of 1912. 5. After section 89 of the said Act, the following sections shall be inserted, namely :—

Fixation of cost of maintenance. "89-A The Governor-General in Council may, by general or special order, prescribe the amount payable on account of the cost of maintenance of lunatics detained in any asylum for the cost of whose maintenance any Local Government is liable, and the proportions in which such amount shall be payable respectively by the Local Governments so liable. Any such amount may include charges on account of the upkeep of the asylum and of the capital cost of the establishment of the asylum.

Incidence of cost of maintenance payable by Government. 89B (*1*) When under the provisions of this Act the cost of the maintenance of a lunatic is payable by the Government, then such cost shall be payable—

(*a*) In the case of a lunatic not domiciled in British India, by the Local Government of the province in which the reception order or the order under section 25, as the case may be, was made; and

(*b*) In the case of a lunatic domiciled in British India, by the Local Government of the province in which the lunatic has last resided for a period of five years before the reception order or the order under section 25, as the case may be, was made; or, if the lunatic has not been resident in any one province for such period, by the Local Government of the province in which such order was made.

(2) If any question arises as to the incidence of the cost of maintenance of any lunatic under sub-section (*1*), the question shall be referred to the Governor-General in Council, and his decision thereon shall be final."

STATEMENT OF OBJECTS AND REASONS.

The object of this Bill is to amend the Indian Lunacy Act, 1912, so as—

(1) to permit of the designation of lunatic asylums as mental hospitals; and

(2) to provide for the recovery of charges for lunatics maintained in an asylum of one province who belong to another province.

2. Modern opinion is in favour of asylums being regarded as hospitals for the treatment of mental cases, and not as homes in which lunatics can be interned and restrained, and in the present condition of asylums in India, it is, therefore, considered desirable that the curative treatment which should be available in these institutions should be emphasised. It is, however,

necessary to retain the word 'asylum' in the Act, because of its use in other legislation; but by making the definition cover not only an institution designated as an 'asylum,' but also one designated as a 'mental hospital', it will be possible for Local Governments to cause their institutions to be styled either by the one name or by the other, or by a combination of the two. The proposed amendments in clauses 3 and 4 of the Bill are consequential to this proposal.

3 Under the Reform Scheme the maintenance in an asylum of one province of a lunatic belonging to another province should be regarded as a service rendered by the former province to the latter, for which payment should be made under Devolution Rule 14 (*a*).

It is probable that great increases in the number of lunatics so maintained in asylums of provinces to which they do not belong will follow from the substitution of large central asylums for small district asylums, and it is considered that upon the adoption of this policy any substantial improvement in the condition of asylums in India must largely depend. The Bill, therefore, proposes that, so far as lunatics domiciled in India are concerned, in any case in which the cost of maintenance will fall upon a Local Government, the Local Government to meet the cost shall be the Local Government of the province in which the lunatic has last resided for a period of five years. If there is no such Local Government then, the cost would fall upon the Local Government of the province from which the lunatic was sent to the asylum. In order to cover the case of central asylums established to meet the needs of more than one province, it is further provided that the cost of maintenance may include charges on account of the capital cost of the establishment of the asylum.'

ഉദ്ദേശകാരണങ്ങളുടെ വിവരണം.

ഇപ്പോഴത്തിലുള്ള ചെലവു് വർദ്ധിച്ചിരിക്കയാൽ ആയതിനുവേണ്ടി കൂടുതൽ തുകയെ പിരിച്ചെടുക്കുവാൻ ആവശ്യമായി വന്നിരിക്കുന്നു. ഈ സംഗതിയിൽ കോടതി ഫീസുകളുടെ നിരക്ക നിശ്ചയിച്ചിരിക്കുന്നതു 1870 ലെ കോർട്ട് ഫീസ്സ് ആക്ടിനാലാണു്. അതിൽ ക്ലാസ്സാക്കിച്ചു ചില തരങ്ങളിലുള്ള ആധാരങ്ങളെ സംബന്ധിച്ചു കോർട്ട് ഫീസായി കൊടുക്കേണ്ടതായ സംഖ്യ അവയുടെ സ്വഭാവത്തിനും പ്രധാന്യതകും തക്കതായിട്ടുള്ളതല്ലെന്നു അനുഭവത്തിൽ കണ്ടിരിക്കുന്നു. ആയതുകൊണ്ടു കോർട്ട്ഫീസ്സ്ആക്ടു് ഭേദപ്പെടുത്തുന്നതു യുക്തമാണെന്നു വിചാരിക്കുന്നു. ആക്ടിലെ വാക്കുകളുടെ അർത്ഥം അധികം വിശദമാക്കുവാനായി വാക്കുകൾ ചില സ്ഥലങ്ങളിൽ ഭേദപ്പെടുത്തുവാനും ഒരു അവസരം ഉപയോഗിച്ചിരിക്കുന്നു. എന്നാൽ അന്യോന്യ വിരുദ്ധമായ തീർപ്പുകൾക്കു യോജിപ്പു വരുത്തുവാനൊ ആക്ടിലെ ചില വകുപ്പുകളുടെയും വ്യാപ്തിയെ സംബന്ധിച്ച വാദപ്രതിവാദത്തിലിരിക്കുന്ന ചോദ്യങ്ങൾ തീർപ്പുപ്പെടുത്തുവാനൊ വേണ്ടി ആക്ടു് ഒരുക്കുവാൻ ഭേദപ്പെടുത്തുവാനായി യാതൊന്നു ശ്രമവും ചെയ്തിട്ടില്ല.
